

# BROADCAST SANDER

## BC 44, 60

Looking to cover sidewalks, pathways, roadways, and parking areas? This spreader is for you! Broadcast sand or salt from 3' to 25' (91-762 cm). The engineered stainless-steel spinner ensures the material is spread evenly across the whole surface. You can also adjust the spread based on your working area. Equipped with turn signals and backup lights for safety. Because it's hydraulically driven, the sander is very easy to install and operate. The three-point hitch or skid steer mount ensures it'll fit on most tractors.
